

## COLLEGE OF AGRICULTURAL, CONSUMER AND ENVIRONMENTAL SCIENCES

Department of Food Science & Human Nutrition  
260 Bevier Hall, MC-182  
905 S. Goodwin Ave.  
Urbana, IL 61801

A post-doctoral fellow position is available starting in July 2019 in the laboratory of Dr. Jaume Amengual at the Department of Food Science and Human Nutrition - University of Illinois at Urbana Champaign.

The research will focus on understanding the role of vitamin A and the immune system in atherosclerosis and obesity by using cellular and animal models. Successful candidates will conduct research under the supervision of the PI, and are expected to initiate their own research project.

### Applicant qualifications:

- Ph.D. in cell biology, biochemistry, immunology, or related fields
- Experience in cell culture, animal models, and flow cytometry are highly desired
- Self-motivated and hard-working
- Evidence of prior productivity

We will sponsor the corresponding visas to non-US citizens. Additional information about employment requirements will be discussed at a later date.

Please submit a cover letter describing previous research experience and current interests, curriculum vitae including publications, and contact details of at least two references to Dr. Jaume Amengual, [Jaume6@illinois.edu](mailto:Jaume6@illinois.edu)

Interviews will be conducted until the fulfillment of the position.
