PROGRAM WORKSHOP `Carotenoids in foods, nutrition and health'

10:35-10:55 Whey produgestion of digestion o	8:15-9:00 Registration at the Venue- ADEIT Welcome Organizing and Scientific Committ Prof. Dr. J. von Lintig `Carotenoids in Health and Disease: The School of Medicine, Case Western Reserve University, Clevelar Chair: Dr. A. Meléndez-Martínez (University of Sevilla, SESSION Bioavaliability I Chair: Dr. T. Bohn; Co-Chair: Mr M. Iddir (Luxembourg Institute of Health, Luxen and intestinal cell uptake of pure phytoene and phytofluene, comparison with other carotenoids. Pein isolate modulates β—carotene bioaccessibility under selective simulated gastro-intestinal conditions. Il esters — distribution, stability and bioaccessibility. Coffee-Posters Session SESSION Health Beneficial Effects Chair: Dr. J. Dulińska-Litewka (Jagiellonian University Medical College, Poland); Co-Chair: P. Mapellimechanisms of action of β -apocarotenoids and functional biomarkers of plasma carotenoid.	Red-hot Role of ISX' ad, United States Spain) Exambourg Ms P. Mapelli-Brahm (University of Sevilla, Spain) Mr M. Iddir (Luxembourg Institute of Health, Luxembourg) Dr. A. Pintea (University of Agricultural Sciences and Veterinary Medicine, Romania) Brahm (University of Sevilla, Spain) Dr. A. Eroğlu (College of Agriculture and Life Sciences, North Carolina)			
10:15-10:35 Micellizati 10:35-10:55 Whey produigestion of digestion of	School of Medicine, Case Western Reserve University, Clevelar Chair: Dr. A. Meléndez-Martínez (University of Sevilla, SESSION Bioavaliability I Chair: Dr. T. Bohn; Co-Chair: Mr M. Iddir (Luxembourg Institute of Health, Lucon and intestinal cell uptake of pure phytoene and phytofluene, comparison with other carotenoids. ein isolate modulates β–carotene bioaccessibility under selective simulated gastro-intestinal onditions. Il esters – distribution, stability and bioaccessibility. Coffee-Posters Session SESSION Health Beneficial Effects Chair: Dr. J. Dulińska-Litewka (Jagiellonian University Medical College, Poland); Co-Chair: P. Mapellimechanisms of action of β-apocarotenoids and functional biomarkers of plasma carotenoid.	Mr. M. Iddir (Luxembourg Institute of Health, Luxembourg) Dr. A. Pintea (University of Agricultural Sciences and Veterinary Medicine, Romania) Brahm (University of Sevilla, Spain) Dr. A. Eroğlu (College of Agriculture and Life Sciences, North Carolina			
10:35-10:55 Whey prodigestion of digestion of digestion of digestion of digestion of the di	Chair: Dr. A. Meléndez-Martínez (University of Sevilla, SESSION Bioavaliability I Chair: Dr. T. Bohn; Co-Chair: Mr M. Iddir (Luxembourg Institute of Health, Luxen and intestinal cell uptake of pure phytoene and phytofluene, comparison with other carotenoids. ein isolate modulates β—carotene bioaccessibility under selective simulated gastro-intestinal onditions. Il esters — distribution, stability and bioaccessibility. Coffee-Posters Session SESSION Health Beneficial Effects Chair: Dr. J. Dulińska-Litewka (Jagiellonian University Medical College, Poland); Co-Chair: P. Mapellimechanisms of action of β -apocarotenoids and functional biomarkers of plasma carotenoid.	Ms P. Mapelli-Brahm (University of Sevilla, Spain) Mr M. Iddir (Luxembourg Institute of Health, Luxembourg) Dr. A. Pintea (University of Agricultural Sciences and Veterinary Medicine, Romania) Brahm (University of Sevilla, Spain) Dr. A. Eroğlu (College of Agriculture and Life Sciences, North Carolina			
10:35-10:55 Whey profidigestion of digestion of digestion of the digestion	SESSION Bioavaliability I Chair: Dr. T. Bohn; Co-Chair: Mr M. Iddir (Luxembourg Institute of Health, Luxembourg Institute o	Ms P. Mapelli-Brahm (University of Sevilla, Spain) Mr M. Iddir (Luxembourg Institute of Health, Luxembourg) Dr. A. Pintea (University of Agricultural Sciences and Veterinary Medicine, Romania) Brahm (University of Sevilla, Spain) Dr. A. Eroğlu (College of Agriculture and Life Sciences, North Carolina			
10:35-10:55 Whey profidigestion of digestion of digestion of the digestion	Chair: Dr. T. Bohn; Co-Chair: Mr M. Iddir (Luxembourg Institute of Health, Luxen and intestinal cell uptake of pure phytoene and phytofluene, comparison with other carotenoids. ein isolate modulates β–carotene bioaccessibility under selective simulated gastro-intestinal conditions. Il esters – distribution, stability and bioaccessibility. Coffee-Posters Session SESSION Health Beneficial Effects Chair: Dr. J. 12:55-13:15 Effect of ly 13:15-13:35 Fruit and v	etabolic derangement.	Ms A. Serrano (University of Illes Balears, Spain)			
13:15-13:35 Fruit and v	nat xanthophyll carotenoids provide beneficial effects on eye, brain and cardiovascular health.	Dr. R. Moran (Waterford Institute of Technology, Ireland)			
	copene on oxidative stress.	Dr. S. Krstić (Vlaisavljevic) (University of Novi Sad, Serbia)			
Chair:	egetable intake and the macular pigment optical density.	Dr. B. Olmedilla-Alonso (ICTAN-CSIC, Madrid, Spain)			
Chair:	Lunch				
Cildii.	SESSION Bioavaliability II Chair: Dr. C. Socaciu (University of Agricultural Sciences and Veterinary Medicine, Romania); Co-Chair Dr. J. Corte-Real (Luxembourg Institute of Health, Luxembourg)				
15:00-15:20 Molecular	mechanisms of carotenoid intestinal transport: where do we stand?	Dr. E. Reboul (French National Institute of Agronomical Research, France)			
15:20-15:40 The effect	of genetic variants on the bioavailability of phytoene and phytofluene.	Dr. C. Desmarchelier (Aix-Marseille Université, France)			
15:40-16:00 Role of foo beyond.	d bioactives in the modulation of intestinal permeability: insights from the MaPLE study and	Dr. P. Riso (University of Milan, Italy)			
16:00-16:20 Associatio	of plasma carotenoids with age and frailty in different cohort studies	Dr. D. Weber (German Institute of Human Nutrition, Germany))			
	Coffee-Posters Session				
	SESSION Industry I Chairs: Dr.N. O'Brien (University College Cork, Ireland); Dr. L. Zacarías (IATA-C	'SIC. Spain)			
16:45-17:45 Perspectiv	es for carotenoids – and industry view.	Dr. M. Eggersdorfer (Former Sen. Vice President Nutrition Science in DSM Nutritional Products; University of Groningen)			
17:45-18:45 Trends in 1	he use of carotenoids to provide colour in food.	Dr. M.H. Damasio (Global Regulatory Coordinator, ROHA Europe, S.L.U)			
19:00		Social Event: Historical Valencia Walking tour and Cocktail			

WORKSHOP `Carotenoids in foods, nutrition and health'

	Wednesday 24 th October 2018 SESSION Industry II Chair: Dr. K. Kljak (Faculty of Agriculture, University of Zagreb, Croatia)					
9:00-10:00	The use of carotenoids in animal nutrition.	Dr. S. Peris (Head of Technical Services in Europe and Middle East at Novus International)				
10:00-10:20	Skin care benefits of phytoene and phytofluene	Dr. F. Havas (Senior Scientist at IBR- a Frutarom company, Israel.)				
	SESSION Occurrence, extraction and production of carotenoids in foods I					
Chair: Dr. A. Mandić (Institute for Food Technology in Novi Sad, University of Novi Sad, Serbia); Co-Chair: Mr L. Van Meulebroek (Ghent University, Faculty of Veterinary Medicine, Belgium)						
10:20-10:40	Identification and quantification of carotenoids in medicinal and aromatic plants	Dr. E. Sarrou (Institute of Plant Breeding and Genetic Resources, HAO-DEMETER, Greece)				
10:40-11:00	Artificial lighting effects on the production of carotenoids in fruits and vegetables	Mr. F. Bantis (Aristotle University of Thessaloniki, Greece)				
	Coffee-Posters Session					
SESSION Occurrence, extraction and production of carotenoids in foods II						
Chair: Dr. L. Bogacz-Radomska (Institute of Chemistry and Food Technology at Wroclaw University of Economics, Poland); Co-Chair Ms. R. Abdelkebir (Arid Lands Institute, Tunisia)						
11:50-12:10	The effect of green extraction in the carotenoid content of seven Mediterranean plants	Ms. R. Abdelkebir (Arid Lands Institute, Tunisia)				
12:10-12:30	Novel technologies for carotenoid extraction and preservation	Dr. J. Žlabur (Faculty of Agriculture University of Zagreb, Croatia)				
12:30-13:30	Prof. Dr. M. Tsimidou Saffron, the treasured source of apocarotenoids. Production, processing, composition, functional properties and prospects in Europe ' School of Chemistry, Aristotle University of Thessaloniki, Greece Chair: Dr. M. J. Rodrigo (IATA-CSIC, Spain)					
	Lunch					
14:30-15:00	Workshop Concluding Remarks Scientific Committee					

EUROCAROTEN 4th Working Groups Meetings

WG1: Production: developing resources and biosynthetic pathway; WG2: Quality along food chain; WG3: Nutrition and Health; WG4: Transfer and dissemination

Wednesday 24 th October 2018		
15:00-16:00	WG4 Plenary Meeting	
Coffee		
16:30-18:30	WG1, 2 and 3 Parallel Meetings	

EUROCAROTEN 4th Working Groups Meetings and 5th Management Committee

Thursday 25 th October 2018		
9:00-10:30	All WGs Discussion	
Coffee		
11:00-13:00	Management Committee Meeting	
Lunch
